COURSE OVERVIEW

The Mental Capacity Act 2005 came into force in 2007. Together with the Deprivation of Liberty Safeguards introduced in April 2009, this legislation impacts on the lives of an estimated one to two million adults in England & Wales. This one-day course provides delegates with essential information and clarifies what areas of professional practice need to change in the light of this evolving legislation post Cheshire West and looking forward to the introduction of Liberty Protection Safeguards in April 2022. It will also consider what changes are required as a result of the pandemic.
