

Safeguarding Children

One Day

Who should attend this one day course

Managers and front line staff working with Children and Young People in any setting

Introducing Faiers Training

Faiers Training uses over thirty five years of experience in the care & support sector to deliver training that is both professional & practical

Course Overview

Safeguarding Children from Abuse is everyone's responsibility. This one day course raises the profile of this vital subject and gives people the confidence and tools to respond to concerns appropriately. Whilst concentrating on abuse (what it is, why children are vulnerable, recognising and responding to abuse) the course also considers good practice as often when staff know what they should be doing this helps them to spot bad or abusive practice, especially the more subtle issues.

Course Content

- **What is Abuse?**
- **Vulnerability** Why are children and young people vulnerable to abuse?
- **Types of Abuse** (e.g. Physical, sexual, psychological, neglect etc) with examples of each
- **Standards of professional conduct** (I seek throughout the course to ensure a healthy balance is maintained between examining abusive models and considering positive ways of working and good practice)
- **Signs of Abuse** - What to look out for & making judgements in "grey" areas
Dealing with suspected abuse (This links with requirements under the Children's Act, the Safeguarding Children procedures of your organisation and the Administering Authority in which you operate)
- **Key steps in responding to allegations of abuse** - including the DO's and DON'Ts and how to support a service user who is disclosing abuse
- **Working Safely** (This focuses on how we need to look after ourselves as experience suggests that the majority of abusive ways of working involve decent people who have either taken on too much or allow boundaries to become blurred during times of stress)
